SUBJECT INDEX

A

Abdomen
distension of, from giant hepatobiliary cystadenoma (letter), 438
incisions in, incisional hernia after, 321
missed injuries of, 558
paragangliomas of, surgical treatment of (letter), 1153
perineal resection of, with vertical rectus abdominis myocutaneous flap reconstruction, 996
trauma to, pneumomediastinum in, 375
Abdominal aortic aneurysm
open repair of, changing indications and outcomes for, 665
ruptured, delayed closure for, 565
Abdominal binders, in postoperative pulmonary function, 169
Abdominal compartment syndrome, recurrent, 1193
Abdominal pain
acute, routine CT scan for, 958
compound intussusception in (letter), 343
Abdominal situs inversus, laparoscopic cholecystectomy in presence of (letter), 353
Abdominal surgery
effects of on peritoneal dialysis outcome, 140
laparoscopic colon surgery after, 1015
Abdominal vascular catastrophes, delayed closure for, 565
ACGME duty hour restrictions, in operative continuity of care, 1234
Acute care surgery, after renal transplantation, 882
Acute hemorrhagic rectal ulcer, risk factors and management of, 66
Acute trauma care training, assessment of in Kenya, 1118
Adenocarcinoma
of ampulla of Vater, prognostic factors in, 754
gastric, sentinel lymph node mapping for, 710
hepatoid, of retroperitoneum (letter), 523
pancreatic, microscopically negative margins during pancreaticoduodenectomy for, 804
prostate, metastasis to gallbladder from (letter), 431
Adrenal gland
acute insufficiency of, outcome and in trauma patient, 287
teratoma of in neonate (letter), 347
Advanced Trauma Life Support principles, for gunshot wounds to head, 223
African-American women, molecular breast cancer subtypes in, 776
Age, in therapy choice and outcome with nonsmall cell lung cancer, 598
AIDS, open lung biopsy impact on diffuse pulmonary infiltrates in, 157
Airway patency, in penetrating neck trauma, 1
All-terrain vehicle injuries, epidemiology, risks and outcome of, 1004
Allogeneic blood, use of in level I trauma centers, 693
Anal cancer, survival after radiation failure for, 163
Anal fissure, chronic, fissurectomy versus lateral internal sphincterotomy for, 925
Anal stretch/dilation, of hemorrhoids, 635
Anastomotic leak, in elective colon resection without mechanical bowel preparation, 828
Anatomy, in lumbar hernias, 1238
Anemia, in Jehovah's Witness patient, barbiturate coma for, 1175
Aneurysm, giant renal artery, rupture of (letter), 525
Antibiotic bowel preparation, postcolorectal resection surgical site infections without, 659
Antiplatelet agents
for extreme thrombocytosis in trauma patients, 1020
platelet administration and mortality with, 1100
Aortic graft, after debulking splenectomy (letter), 1253
Aortography, for blunt thoracic aortic injury, 273
Apoptosis, in gastric cancer, 1183
Appendectomy, laparoscopic, salvage of right common iliac vein injury in (letter), 1269
Appendicitis
computed tomography in management of, 918
cystic sarcoma masquerading as (letter), 860
tubular carcinoid tumor in (letter), 518
Appendicolith, retained, subhepatic abscess from (letter), 515
Appendix, mesenteric cavernous hemangioma involving, 811
Arm injury, high-pressure water jet (letter), 90
Arrowhead Regional Medical Center, all-terrain vehicle injuries at, 1004
Arterial allografts, low recurrence rate and mortality with, 1000
Arterial line, unusual complication of (letter), 1148
Arterial revascularization, for upper extremity ischemia, 848
Arterioportal fistula, hepatic, pulmonary hypertension in (letter), 511
Arteriovenous fistula
after arthroscopic meniscectomy (letter), 432
giant posttraumatic peroneal artery pseudoaneurysm with (letter), 627
in obese patients, salvage of, 705
Aspergillosis, invasive, aortic graft and valve endocarditis after debulking splenectomy (letter), 1253
Aspirin, platelet administration and mortality with, 1100
Attitudinal changes, of OR personnel with repetitive training, 584
Axial loading, in cervical spinal cord injury (letter), 1152

B

Bacteremia, in critically ill trauma patients, 405
Banting, Frederick G., 15
Barany, Robert A., 15
Barbiturate coma, in postoperative Jehovah's Witness patient with anemia, 1175
Bariatric surgery
complications of, 103
single-stage, 945
bcl-2 protein phenotype expression, in molecular breast cancer subtypes, 776
Benign colorectal disease, endoscopic colorectal stenting for, 897
Bile duct injury management, 1157
during partial gastrectomy, 719
Bioabsorbable staple line reinforcement, increased incidence of pancreatic fistulas after, 954
Biomarkers, breast cancer, 769
Bipolar coagulation, of hemorrhoids, 635
Bleomycin, cardiac surgery after (letter), 514
Blood alcohol level, elevated, in trauma mortality, 950
Blood utilization, at level I trauma centers, 693
Bloodstream infections, central venous line protocol reducing, 1166
Blunt trauma
pneumomediastinum incidence and clinical significance in, 1081
seat belt sign in, 822
of thoracic aorta, advances in management of, 273
thoracic CT after, 966
Board certification, mock oral examinations for, 817
Body packers, minimally invasive approach in managing (letter), 1257
Botulinum toxin A, with fissurectomy, 925
Bowel obstruction
after bariatric surgery, 103
after laparoscopic Nissen fundoplication and gastrostomy tube placement (letter), 1264
Brachiocephalic fistulas, in obese patients, salvage of, 705
Brain death, intoxication and number of transplantable organs after, 416
Brain injury, persistent hyperglycemia in, 25
Breast
accelerated partial irradiation of, 1042
ductal carcinoma *in situ* of after mastectomy, 592
primary malignant fibrous histiocytoma of, 81
sentinel lymph node biopsy and reconstruction of, 551
squamous cell carcinoma of, 914
Breast cancer
disparities in surgical management of, 869
MRI assessment
in surveillance and staging of, 937
versus ultrasound and mammography, 970
and neurofibromatosis 1, 120
odontogenic ameloblast associated protein as biomarker of, 769
phenotypes in molecular subtypes of, 776
regional patterns of in United States, 545
sentinel lymph node biopsy in, 253
Breslow depth, shave biopsy in predicting, 369, 374
Brown recluse spider bite, negative pressure wound therapy for, 1128
Bursting strength evaluation, of incisional hernia (letter), 272

C

Calciphylaxis (letter), 516
California, increased diverticulitis treatment rates for younger patients in, 981
Cancer staging
for breast cancer, MRI in, 937
sentinel lymph node biopsy in, 253
Capsule endoscope, retrieval of retained (letter), 83
Carcinoma
breast
after mastectomy, 592
squamous cell, 914
hepatocellular, 1104
prostate, with aggressive rectal invasion (letter), 434

Carcinosarcoma, colon, 335
Cardiac complications, heparin-coated stents and, 61
Cardiac resuscitation, transdiaphragmatic (letter), 432
Cardiac surgery, after bleomycin therapy (letter), 514
Cardiopulmonary resuscitation
  advances in, 359
  collapse of thoracic aortic stent graft after (letter), 626
Carolinas Medical Center Surgical Teaching Program, institutional profile of, 1161
Carrel, Alexis, 15
Catheter function, adhesions and prior abdominal surgery effects on, 140
Catheterization, in postoperative urinary retention, 922
Cecum, internal herniation of through foramen of Winslow (letter), 1252
Central venous line protocol, in bloodstream infections and length of stay, 1166
Cervical cancer, for recurrent complicated enterovescicocervical fistula in patient irradiated for (letter), 1146
Cervical spinal cord injury, without local signs or symptoms (letter), 1152
Chemotherapy, for anal cancer, 163
Chest radiography, versus thoracic CT after blunt trauma, 966
Chest wall injury, morbidity, pain and disability after repair of, 389
Chief resident operative experience, resident work hour restrictions and, 1065
Children, ICP monitoring of severe head injuries in (letter), 441
Cholangiopancreatography, endoscopic retrograde, gut perforations from, 477
Cholangitis, with left lobe liver lesion (letter), 344
Cholecystectomy
  bile duct injury in, 1157
  laparoendoscopic single site, 681
  laparoscopic, with abdominal situs inversus (letter), 353
  partial, in severe inflammation, 249
Cholelithiasis
  after bariatric surgery, 103
  perioperative management of in gastric bypass patients, 470
Cinacalcet, postoperative hypocalcemia and, 843
Circulation, cardiopulmonary resuscitation advances increasing, 359
Cirrhosis, groin herniorrhaphy and, 962
Clopidogrel
  perioperative, 909
  platelet administration and mortality with, 1100
Clostridium difficile
  enteritis, after colectomy, 1179
  fulminant colitis, isolated to ascending colon (letter), 859
Coagulation therapy, of hemorrhoids, 635
Colectomy, *Clostridium difficile* enteritis after, 1179
Colon
  cancer of
    increased lymph node yield in, 887
    surgical treatment of, 385
  carcinosarcoma of, 335
  perforation of, endoscopic management in (letter), 184
Colon surgery
  after previous abdominal surgery, 1015
  elective resectional, anastomotic leak with, 828
Colonoscopy
  colorectal cancer findings in, 699
  complications of splenic rupture after (letter), 260
  endoscopic management of colon perforation during (letter), 184
Colorectal cancer
  endoscopic colorectal stenting for, 897
  inheritable, surgical prophylaxis for, 463
  laparoscopic versus open total mesorectal excision for, 33
  positive to total ratio of lymph nodes examined and outcome of, 873
  screening colonoscopy for, 699
Colorectal surgery
  fast track postoperative management after, 1247
  surgical site infections after, 659
Colostomy
  diverting transverse loop, for fulminant colitis (letter), 859
  laparoscopic rapid totally diverting loop, 608
Colovesical fistula, carcinosarcoma of colon in, 335
Common bile duct injury, managing during partial gastrectomy, 719
Common iliac vein injury, successful salvage of (letter), 1269
Comorbidities, in response to health-related quality-of-life instrument, 1084
Compartment syndrome
  after pelvic surgery (letter), 1213
  recurrent abdominal, 1193
Composite mesh implantation, infection risk of, 762
Compound intussusception, in long standing abdominal pain (letter), 343
Computed tomography
  for acute abdominal pain, 958
  in acute appendicitis management, 918
  for blunt thoracic aortic injury, 273
  in grading spleen and liver injuries, 133
  in laparoscopic management of small bowel obstruction, 227
  in motorcycle collision victims, 892
  pneumomediastinum incidence and clinical significance in, 1081
  thoracic, after blunt trauma, 966
Congenital diaphragmatic hernia, perforated ulcer mimicking spontaneous pneumothorax in (letter), 354
Conservative treatment
  of hemorrhoids, 635
  for women with stage I breast cancer, 869
Continuity of care, ACGME duty hour restrictions effect on, 1234
Contura multilumen balloon breast brachytherapy catheter, tolerance and toxicities in patients undergoing, 1042
Cost effectiveness, of colorectal cancer screening, 699
Coverage strategies, for exposed implants, 1132
Covering physician, bariatric surgery complications and, 103
Critically ill trauma patients, fever and leukocytosis in, 405
Crohn's disease
  fistulizing, fecal diversion in, 715
  intestinal occlusion from small bowel adenocarcinoma in (letter), 189
  small bowel obstruction in (letter), 93
Cushing's syndrome, care-intensive managment of, 279
Cutaneous melanoma, shave biopsy in predicting Breslow depth of, 369, 374
Cyst hydatid disease, massive recurrence of in proximal thigh (letter), 439
Cystic disease
  adventitial, of popliteal artery (letter), 86
  of lung, in proteus syndrome, 853
Cystic sarcoma, psoas muscle, masquerading as appendicitis (letter), 860
Cysts, enteric duplication (letter), 350

D

Death premonition, in trauma, 1220
Deep vein thrombosis, after bariatric surgery, 103
Delayed closure, for abdominal vascular catastrophes, 565
Diabetes type 2, dual mechanism for resolving after gastric bypass, 498
Diffuse pulmonary infiltrates, open lung biopsy and, 157
Digital rectal examination, injury location and utility of, 1069
Disability, after chest wall injury repair, 389
Disaster modeling, for hurricane effect on healthcare campus, 1059
Disaster relief workers, health risks to, 747
Diverticulitis
  increased treatment rates for younger patients in California, 981
  terminal ileum, management of, 1199
Driver injury, in open wheel motor racing (letter), 857
Ductal carcinoma *in situ*, after mastectomy, 592
Duodenum, colon cancer invading, 385

E

East Tennessee State University, surgical training in, 11
Elastofibroma, diagnosis and treatment of, 338
Elderly
  interventions and outcomes for pelvic fracture in, 291
  intestinal malrotation in (letter), 631
  outcome of nonsmall cell lung cancer in, 598
  platelet administration and mortality with head injuries in, 1100
Electrocoagulation, of hemorrhoids, 635
Electrotherapy, of hemorrhoids, 635
Embolotherapy, resolution of pulmonary hypertension after (letter), 511
Embryogenesis, of retroperitoneal spaces, 1091
Empyema, after vacuum-assisted closure of infected thoracotomy wounds (letter), 349
End stage renal disease, elective surgery in patients with, 790
Endocarditis, pulmonary valve, MRSA infection of (letter), 1265
Endoluminal graft, for blunt thoracic aortic injury, 273
Endoscopic retrograde cholangiopancreatography
  for chronic pancreatitis, 649
  in general surgery, 1050
Endoscopy
  in colorectal stenting, long-term outcome of, 897
  of iatrogenic colon perforation during colonoscopy (letter), 184
  intraoperative, for post-gastric bypass leaks, 485
  surgical training for (letter), 94
Endovascular repair, indications and outcomes for, 665
Enema, water-soluble, before takedown of diverting ileostomy, 941
Enteric duplication cyst (letter), 350
Enteritis, *Clostridium difficile*, after colectomy, 0900018
Enterocutaneous fistula, complicating trauma laparotomy, 30
Enterovescicocervical fistula, pelvic isolation for recurrence of (letter), 1146
Epidemiology
  of all-terrain vehicle injuries, 1004
  of sternal fractures, 401

Epigastric artery pseudoaneurysm, after hemicolectomy (letter), 1267
Esophagectomy, minimally invasive, 929
Esophagus
malignancy of, multimodality treatment for, 489
perforation of after attempted tracheal intubation (letter), 92
Estrogen receptor expression, in thyroid cancer, 785
Ethanol injection, for cyst hydatid disease (letter), 439
Ewing's sarcoma, extraosseous (letter), 1256
Excisional hemorrhoidectomy, for hemorrhoids, 635
Extracorporeal membrane oxygenation, for severe hypoexemia (letter), 1259

F

Familial cancer syndrome, surgical considerations for, 120
Fascial closure, early, during pregnancy (letter), 183
Fecal diversion, of perirectal fistulizing Crohn's disease, 715
Femoral hernia
bilateral, laparoscopic repair of, 1189
incarcerated, with Meckel's diverticulum (letter), 263
Fever, in critically ill trauma patients, 405
Fibular notch, giant posttraumatic peroneal artery pseudoaneurysm with (letter), 627
First responders, health effects of disasters on, 747
Fissurectomy, botulinum toxin A with, 925
Fistula
arterioportal, 511
arteriovenous, 432, 627, 1253
brachiocephalic, 705
colovesical, 335
complicated enterovescicocervical (letter), 1146
in Crohn's disease, fecal diversion of, 715
enterocutaneous, 30
pancreatic, 654
Flaps
covering exposed implants, 1132
vertical rectus abdominis myocutaneous, 996
Fleming, Alexander, 15
Fluoroscopy, in retrieval of retained capsule endoscope (letter), 83
Fontan procedure, modified, prolonged pleural effusions and, 175
Forssmann, Werner T.O., 15
Fournier's gangrene, after overlapping sphincteroplasty (letter), 268
Fractures
associated with personal transporters, 722
open-book pelvic, with perineal open wounds, 1227
pelvic
in elderly patient, 291
open-book, 1227
ruling out in intoxicated patients, 257
sternal, epidemiology of, 401
thoracolumbar, 191
Fulminant colitis, isolated to ascending colon (letter), 859

G

Gallstone ileus, laparoscopic management of (letter), 84
Gastrectomy
hospital volume as outcome predictor for, 932
laparoscopic sleeve, 945
partial, managing common bile duct injury during, 719
with synchronous trisegmentectomy (letter), 529
total, nutritional support after, 148
Gastric adenocarcinoma, sentinel lymph node mapping for, 710
Gastric band complications, 103
Gastric bypass
diabetes type 2 resolution after, 498
laparoscopic, leaks after, 485
omental reinforcement for intraoperative leak repair during, 839
perioperative management of cholelithiasis in candidates for, 470
specific complications of, 103
Gastric cancer
apoptosis and microvessel density in, 1256
hepatic metastasis from, synchronous trisegmentectomy and gastrectomy for (letter), 529
inheritable, surgical prophylaxis for, 463
Gastric emphysema, recurrent (letter), 1149
Gastric outlet obstruction, laparoscopic gastrojejunostomy with, 129
Gastrinoma, of lymph node, 208
Gastrointestinal tract
endoscopic retrograde cholangiopancreatography perforations of, 477
hemorrhage of, systemic mastocytosis in (letter), 429
managing common bile duct injury during surgery on, 719
neurofibromatosis 1 and malignancies of, 120
stromal tumors (GISTs) of, prevalence and management of, 55
Gastrojejunostomy, with gastric outlet obstruction, 129
Gastrostomy tube placement, bowel obstruction after (letter), 1264
General surgical training
at Gundersen Lutheran Medical Foundation, 739
mock oral examinations in, 817
Genetics, of neurofibromatosis 1, 120
Geographical region, in melanoma outcomes, 687
Giant eccrine porocarcinoma, rectal and gynecologic amputation for (letter), 269
Giant hepatobiliary cystadenoma, massive abdominal distension from (letter), 438
Giant renal artery aneurysm, rupture of (letter), 525
Glasgow Coma Scale
in all-terrain vehicle injuries, 1004
for gunshot wounds to head, 223
Glucose control, implications for general surgeon, 1031
Graduate medical education, industry support for, 395
Graft infection, after abdominal vascular catastrophe treatment, 565
Greenville Hospital System University Medical Center Department of Surgery, institutional profile of, 1036
Groin herniorrhaphy, with cirrhosis and after liver transplantation, 962
Gullstrand, Allvar, 15
Gundersen Lutheran Medical Foundation, general surgery residency at, 739
Gunshot wounds
abdominal, hollow viscus injuries in outcomes of, 378
to head, 223
number of and injury severity and mortality from, 44, 48
Gynecologic amputation, for giant eccrine porocarcinoma of pelvic floor (letter), 269

H

Hand-tying technique, for vessel ligation, 1098
HAZUS modeling, for hurricane effect on healthcare campus, 1059
Head injuries
in children, ICP monitoring of (letter), 441
in elderly, platelet administration and mortality in, 1100
from gunshots, 223
Health care personnel, health effects of disasters on, 747
Health care planning, in hurricane aftermath, 1059
Health industry, support for graduate medical education in sergery by, 395
Health-related quality-of-life instruments, surgical disease and comorbidities in patient response to, 1084
Health status, of disaster volunteers, 747
Healthcare provider survey, of premonition of death in trauma, 1220
Heat coagulative necrosis, minor hepatic resection using, 1260
Hemangioma, mesenteric cavernous, involving small bowel and appendix, 811
Hemicolectomy, laparoscopic right, epigastric artery pseudoaneurysm after (letter), 1267
Hemorrhage
after bariatric surgery, 103
in patient taking herbal products (letter), 346
postoperative, need for reoperation after, 1242
predictors of need for emergent surgery for, 986
Hemorrhagic shock, vasopressin in, 1207
Hemorrhoids, diagnosis and management of, 635
Hemostasis, in thyroidectomy, 1073
Hemosuccus pancreaticus, diagnosis of (letter), 865
Heparin-coated stents, cardiac complications and, 61
Hepatectomy, partial, interferon gamma receptor gene expression and liver regeneration after, 49
Hepatic brucelloma, percutaneous drainage of (letter), 1143
Hepatic resection, using heat coagulative necrosis, 1260
Hepatic trauma, liver transplantation for, 313
Hepatocellular carcinoma, aggressive resection of, 1104
Herbal products, profound hemorrhage and (letter), 346
Hernia
bowel obstruction secondary to, after laparoscopic Nissen fundoplication and gastrostomy tube placement (letter), 1264
with loss of domain, progressive preoperative pneumoperitoneum for, 504
lumbar, anatomical and surgical considerations on, 1238
massive bilateral femoral, laparoscopic repair of, 1189
minimally invasive component separation technique for, 572
Morgagni, in painless obstructive jaundice (letter), 1141
sciatic, unusual presentation of (letter), 1139
Hernia repair
infection risk of composite mesh placement in, 762
in morbidly obese patients, 620
Herniation of cecum, through foramen of Winslow (letter), 1252

Hess, Walter R., 15
High-fidelity simulation, at point of care for OR personnel, 584
High-pressure water jet injury (letter), 90
Histological examination, necessity of after trauma laparotomy, 1124
Histopathology correlation, for chronic pancreatitis, 649
Hollow viscus injuries, in outcome of abdominal gunshot wounds, 378
Hospital volume, as outcome predictor for gastrectomy, 932
Huggins, Charles B., 15
Hurricane aftermath, HAZUS modeling for on healthcare campus, 1059
Hurricane Katrina, trauma care in New Orleans after, 284
Hydrocephalus, refractory, ventriculo-gallbladder shunt for, 734
Hypercortisolemia, diagnosis and therapy for during pregnancy, 232
Hyperglycemia
  implications of for general surgeon, 1031
  in severe traumatic brain injury, 25
Hyperparathyroidism
  false-positive and false-negative scan in (letter), 510
  familial, surgical therapy for, 579
Hypertension, neurofibromatosis 1 and, 120
Hypocalcemia, after parathyroidectomy, 843
Hypoglycemia, hyperinsulinemic, treatment of, 331
Hypotensive trauma patients, predictors of need for emergent surgery for hemorrhage in, 986
Hypoxemia, extracorporeal membrane oxygenation for (letter), 1259

I

Ileostomy, diverting, water-soluble enema and, 941
Ileum diverticulitis, terminal, management of, 1199
Iliac vein, spontaneous rupture of (letter), 1151
Immunocompromised patient, hemorrhoid in, 635
Implantable venous access devices, placement of in anomalous pulmonary vein (letter), 89
Implants, coverage strategies for, 1132
In-hospital mortality rates, systolic blood pressure as predictor of, 1009
In-line reconstruction, of prosthetic graft infections, 1000
Incisional hernia
  bursting strength evaluation of (letter), 272
  incidence of, 321
Infection
  after bariatric surgery, 103
  methicillin-resistant *Staphylococcus aureus* colonization and, 458
  posttraumatic, transfusion and injury severity in, 307
  risk of in open intraperitoneal composite mesh placement, 762
Inflammation, partial cholecystectomy with, 249
Inflammatory bowel disease
  hemorrhoids in, 635
  infliximab and surgical rates for, 976
Infliximab, for inflammatory bowel disease, 976
Infrared photocoagulation, of hemorrhoids, 635
Inguinal hernia repair, unified informed consent for, 296
Inheritable malignant disease, surgical prophylaxis for, 463
Injury severity
  ISS for pelvic fractures in elderly patient, 291
  in posttraumatic infection, 307
Institutional profile
  of Carolinas Medical Center Surgical Teaching Program, 1161
  of Greenville Hospital System University Medical Center Department of Surgery, 1036
  of Gundersen Lutheran Medical Foundation general surgery residency, 739
  of New York-Presbyterian Hospital/Weill Cornell Medical Center, Department of Surgery, 643
  of University of Cincinnati College of Medicine Department of Surgery, 113
  of University of Kansas School of Medicine, 197
Intensive care units (ICUs)
  central venous line protocol reducing infections and length of stay in, 1166
  ileus in (letter), 179
  methicillin-resistant *Staphylococcus aureus* in, 1077
  multidisciplinary rounds and ventilator-associated pneumonia in, 1171
Interferon gamma receptor gene expression, variations in during liver regeneration, 49
International fellowship, in trauma research, 324
Intestinal malrotation, in elderly (letter), 631
Intestinal occlusion, from small bowel adenocarcinoma (letter), 189
Intoxication
  number of transplantable organs and, 416
  ruling out pelvic fractures in, 257
Intracranial pressure monitoring, of severe head injuries in children (letter), 441
Intraoperative period
  imprint cytology in, for sentinel lymph node evaluation from Merkel cell carcinoma, 615
  leak repair during, omental reinforcement for, 839
  parathyroid hormone monitoring during, 579
Intubation, postsurgical, 834

J

Jehovah's Witness patient, barbiturate coma as salvage therapy for, 1175
Jejunal perforation, laparoscopic diagnosis and management of (letter), 178
Jejunostomy, button-type, nutritional support through, 148

K

Kenya, acute trauma care training in, 1118
Kidney disease, chronic, arterial revascularization for upper extremity ischemia in, 848
Kocher, Emil T., 15

L

Laparoendoscopic single site cholecystectomy, outcomes of, 681
Laparoscopy
  for adhesive small bowel obstruction, 227
  in adrenalectomy for Cushing's syndrome patients, 279
  in appendectomy, salvage of right common iliac vein injury in (letter), 1269
  in colon surgery after previous abdominal surgery, 1015
  for gallstone ileus (letter), 84
  in gastric bypass
    leaks after, 485
    omental reinforcement for intraoperative leak repair during, 839
  in gastrojejunostomy with gastric outlet obstruction, 129
  for jejunal perforation (letter), 178
  in Nissen fundoplication, bowel obstruction after (letter), 1264
  in pancreatectomy, 671
  in paraesophageal hernia repair with sleeve gastrectomy, 620
  in repair of massive bilateral femoral hernias, 1189
  in right hemicolectomy, epigastric artery pseudoaneurysm after (letter), 1267
  in sleeve gastrectomy, early experience with, 945
Laparotomy
  enterocutaneous fistula complicating, 30
  nontherapeutic versus delayed, 558
Laryngotracheal injury, in penetrating neck trauma, 1
Lateral paramedian, review of, 321
Leaping fish injuries, at level 1 trauma center, 220
Length of stay
  central venous line protocol reducing, 1166
  wasted hospital days and, 794
Letters to editor
  An incarcerated femoral hernia containing a Meckel's diverticulum, 263
  An unusual arterial line complication, 1148
  An unusual case of intensive care unit ileus: a case of a posttraumatic pericecal herniation, 179
  An unusual presentation of a sciatic hernia, 1139
  Arteriovenous fistula as a rare complication after arthroscopic meniscectomy, 432
  Bowel obstruction secondary to internal hernia after laparoscopic Nissen fundoplication and gastrostomy tube placement, 1264
  Calciphylaxis, 516
  Carcinoma of the prostate with aggressive rectal invasion, 434
  Cardiac surgery after bleomycin therapy, 514
  Cervical spinal cord injury without local signs or symptoms as a consequence of axial loading from falling objects, 1152
  Collapse of a thoracic aortic stent graft after cardiopulmonary resuscitation, 626
  Complete small bowel obstruction secondary to internal transomental herniation: report of an unusual 'swiss cheese' omentum, 187
  A complex renal artery aneurysm successfully treated with ex vivo polytetrafluoroethylene tube graft reconstruction, 186
  Compound intussusception in an adult: a rare cause of long standing abdominal pain, 343
  Cystic adventitial disease of the popliteal artery: a potential cause of lower extremity claudication, 86
  Cystic sarcoma of the psoas muscle masquerading as appendicitis, 860
  Does ICP monitoring in children with severe head injuries make a difference?, 441
  Empyema—a complication of vacuum-assisted closure of infected thoracotomy wounds in two consecutive cases, 349
  Endoscopic management of iatrogenic colon perforation during colonoscopy, 184

Enteric duplication cyst in a 33-year-old man, 350
Esophageal perforation after some attempts of tracheal intubation for respiratory arrest, 92
Extracorporeal membrane oxygenation for severe hypoxemia after trauma pneumonectomy, 1259
Extraosseous Ewing's sarcoma: a case report and literature review, 1256
False-positive and subsequent false negative Tc-99m sestamibi scan in a case of mediastinal thymoma and hyperparathyroidism, 510
Fournier's gangrene after overlapping sphincteroplasty, 268
Fulminant *Clostridium difficile* colitis isolated to the ascending colon by a diverting transverse loop colostomy, 659
Giant posttraumatic pseudoaneurysm of the peroneal artery with arteriovenous fistula and fibular notch, 627
Hemosuccus pancreaticus, 865
High-pressure water jet injury to the neck and arm, 90
The institution of a statewide trauma care system in Mississippi: Has it made a difference?, 1144
Internal herniation of the cecum through the foramen of Winslow, 1252
Intestinal malrotation in the elderly, 631
Intestinal occlusion resulting from a small bowel adenocarcinoma as first onset of Crohn's disease in a healthy patient, 189
Isolated metastasis to the gallbladder arising from adenocarcinoma of the prostate, 431
Laparoscopic cholecystectomy in the presence of abdominal situs inversus: does surgeon positioning matter?, 353
Laparoscopic diagnosis and management of jejunal perforation resulting from accidental toothpick ingestion, 178
Laparoscopic management of gallstone ileus, 84
A large adrenal teratoma in a neonate, 347
Leg's compartment syndrome after pelvic surgery: Can it always be avoided?, 1213
Limb salvaging treatment in a rare case of spontaneous necrotizing myositis, 436
Lymphoepithelial cysts of the pancreas: a sheep in wolves clothing, 520
Massive abdominal distension resulting from a giant hepatobiliary cystadenoma, 438
Massive recurrence of cyst hydatid disease in the proximal thigh: unsuccessful conservative treatment with percutaneous aspiration, ethanol injection, and reaspiration, 439
Methicillin-resistant Staphylococcus aureus pulmonary valve endocarditis, 1265
Morgagni hernia in an adult presenting as painless obstructive jaundice, 1141
Mucoepidermoid carcinoma of the thyroid and the parotid glands, 519
Novel minimally invasive approach in the management of body packers, 1257
Pelvic isolation with two Gore-text dual-mesh pieces for a recurrent complicated enterovescicocervical fistula in a patient irradiated for cervical cancer, 1146
Percutaneous drainage of hepatic brucelloma, 1143
Perforated ulcer mimicking a spontaneous pneumothorax in a patient with congenital diaphragmatic hernia, 354
Placement of a totally implantable venous access device into an anomalous pulmonary vein, 89
Poorly differentiated thyroid cancer metastasis to the sternum, 1262
Primary hepatoid adenocarcinoma of retroperitoneum, 523
Profound hemorrhage in a patient taking herbal products, 346
A pseudoaneurysm of the inferior epigastric artery after laparoscopic right hemicolectomy, 1267
Pulmonary hypertension: an unusual presentation of an iatrogenic hepatic arterioportal fistula and its successful resolution post-embolotherapy, 511
Rectal adenocarcinoma with metachronous metastases to the urethra, 265
Rectal and gynecologic amputation for a giant eccrine porocarcinoma of the pelvic floor, 269
Recurrent gastric emphysema, 1149
Recurrent intramuscular psoas myxoma, 862
Reply to: "Bursting strength evaluation in an experiment model of incisional hernia," 272
Reply to: Future directions in training surgical residents to perform endoscopic examinations, 94
Retrieval of a retained capsule endoscope under fluoroscopic control, 83
Retroperitoneal mesenteric duplication cysts with malignant transformation in adulthood, 261
Rupture of a giant renal artery aneurysm, 525
Shotgun pellet embolus to the right heart from forearm entrance, 181
Small bowel obstruction by a primary phytobezoar in Crohn's disease, 93
Splenic rupture: an uncommon complication after colonoscopy, 260
Spontaneous iliac vein rupture, 1151
Stage IV small bowel carcinoma mimicking advanced ovarian cancer, 864
Subhepatic abscess caused by retained appendicolith: a rare complication requiring surgical intervention, 515
Successful early fascial closure of an open abdomen during pregnancy, 183
Successful repair of the long thoracic nerve after complete transection during axillary lymph node dissection, 266
Successful salvage of right common iliac vein injury in a 10-year-old boy undergoing laparoscopic appendectomy, 0900032
Successful treatment of ascending aortic graft and valve endocarditis after debulking splenectomy for invasive aspergillosis and mucor, 1253
Surgical management for acute cholangitis in patient with a left lobe liver lesion, 344
Surgical treatment of extra-adrenal abdominal paragangliomas, 1153
Surviving right atrial rupture, 522
Synchronous right trisegmentectomy and gastrectomy for huge hepatic metastasis as first manifestation of advanced gastric cancer, 629
Systemic mastocytosis as a rare cause of diffuse gastrointestinal hemorrhage, 429
Track configuration determines risk of driver injury in open wheel motor racing, 857
Transdiaphragmatic cardiac resuscitation, 432
Tubular carcinoid tumor: a rare cause of appendicitis, 518
Leukocytosis, in critically ill trauma patients, 405
Ligation, hand-tying technique for, 1098
Limb salvage
  improving rates of, 877
  in necrotizing myositis (letter), 436
Liver
  CT grading systems in predicting intervention need for trauma to, 133
  injuries/lesions of
    acute cholangitis with (letter), 344
    management of in children in rural states, 725
  regeneration of, interferon gamma receptor gene expression and, 49
  resection of, with four-prong radiofrequency transection device, 991
  transplantation of
    disease-based comparison of outcomes in, 901
    groin herniorrhaphy after, 962
    for iatrogenic porta hepatitis transection, 313
    infrahepatic vena cavocavostomy for, 421
Long-term morbidity, after chest wall injury repair, 389
Long-term outcomes
  adhesions and prior abdominal surgery and, 140
  after abdominal vascular catastrophe delayed closure, 565
  of endoscopic colorectal stenting, 897
  of partial cholecystectomy in setting of severe inflammation, 249
  of Zollinger-Ellison syndrome with MEN-1, 730
Loop colostomy, minimally invasive technique in, 608
Loss of domain complication
  hernias with, progressive preoperative pneumoperitoneum for, 504
  with ventral hernia repair, 301
Lower extremity claudication, popliteal artery cystic adventitial disease in (letter), 86
Loxoscelism, negative pressure wound therapy for, 1128
Lumbar hernia
  anatomical and surgical considerations on, 1238
  surgical anatomy, embryology, and repair technique for, 202
Lumbar spine anatomy, in spine trauma surgery, 191
Lung
  nonsmall cell cancer of, age and outcome of, 598
  open biopsy of, on diffuse pulmonary infiltrates, 157
Lymph nodes
  in colon cancer, specialized surgical training and, 887
  gastrinoma of, 208
  positive to total ratio and outcome of colorectal cancer, 873
  thoracic nerve repair after dissection of (letter), 266
Lymphoepithelial cysts, of pancreas (letter), 520

M

Magnetic resonance imaging (MRI)
  increased use of for breast cancer, 937
  versus ultrasonography and mammography for breast cancer assessment, 970
Malignancies
  endoscopic colorectal stenting for, 897
  with gastric outlet obstruction, 129
  inheritable, surgical prophylaxis for, 463
  unilateral versus complete thyroidectomy for, 20
Malignant fibrous histiocytoma, breast, 81
Malignant transformation, of retroperitoneal mesenteric duplication cysts (letter), 261
Mammography, in preoperative breast cancer assessment, 970
Mastectomy
  increased rate of, 937
  recurrence after, 592

sentinel lymph node biopsy impact on breast reconstruction after, 551
for women with stage I breast cancer, 869
Mastocytosis, systemic, in diffuse gastrointestinal hemorrhage (letter), 429
Mechanical bowel preparation, for colon resection, 828
Meckel's diverticulum, incarcerated femoral hernia containing (letter), 263
Mediastinal thymoma, false-positive and false-negative scan in (letter), 510
Medical education
industry support for, 395
surgical training in, 11
Medical emergency team, unplanned postsurgical intubation and, 834
Melanoma
cutaneous, shave biopsy in predicting Breslow depth of, 369, 374
outcomes of in northern versus southern climates, 687
Meniscectomy, arthroscopic, arteriovenous fistula after (letter), 432
Merkel cell carcinoma, sentinel lymph node evaluation for, 615
Mesentery
acute ischemia of, early surgical consultation for, 212
cavernous hemangioma of, involving small bowel and appendix, 811
Mesorectal excision, laparoscopic versus open total, 33
Metastasis
to gallbladder from adenocarcinoma of prostate (letter), 431
of gastric adenocarcinoma to lymph nodes, 710
to liver from gastric cancer, synchronous trisegmentectomy and gastrectomy for (letter), 529
of poorly differentiated thyroid cancer to sternum (letter), 1262
of rectal adenocarcinoma to urethra (letter), 265
Methicillin-resistant *Staphylococcus aureus*, in trauma population, 458
Microvessel density, in gastric cancer, 1183
Midline hernia repair, with minimally invasive component separation technique, 572
Minimally invasive approaches
component separation technique in midline hernia repair, 572
in esophagectomy, without postoperative nasogastric tube decompression, 929
in loop colostomy, 608
in managing body packers (letter), 1257
Morbidly obese patients, laparoscopic paraesophageal hernia repair with sleeve gastrectomy in, 620
Morgagni hernia, in painless obstructive jaundice (letter), 1141
Mortality rates
number of gunshot wounds and, 44, 48
for trauma nephrectomy, 1112
Motorcycle collision victims, CT imaging in, 892
MRSA infections
of pulmonary valve endocarditis (letter), 1265
in surgical ICUs, 1077
Mucoepidermoid carcinoma, of thyroid and parotid glands (letter), 519
Mucor, aortic graft and valve endocarditis after debulking splenectomy (letter), 1253
Multidisciplinary rounds, ventilator-associated pneumonia and in open trauma ICUs, 1171
Multimodality treatment, for esophageal malignancy, 489
Multiple endocrine neoplasia type 1 (MEN-1), long-term outcomes for Zollinger-Ellison syndrome with, 730
Murray, Joseph E., 15
Musculoskeletal abnormalities, in neurofibromatosis 1, 120
Myxoma, recurrent intramuscular psoas (letter), 862

N

Nasogastric tube decompression, postoperative, 929
National Trauma Data Bank (NTDB), on use of temporary intravascular shunts, 605
Neck trauma
high-pressure water jet (letter), 90
penetrating, contemporary management of, 1
Necrosis, heat coagulative, 1260
Necrotizing enterocolitis, preformed silastic silos for, 172
Necrotizing myositis, limb salving treatment in (letter), 436
Negative pressure wound therapy, for loxoscelism, 1128
Neoadjuvant therapy, with surgery for esophageal malignancy, 489
Neonate, adrenal teratoma in (letter), 347
Neoplasms, hospital volume as outcome predictor for, 932
Nesidioblastosis, treatment of hyperinsulinemic hypoglycemia with, 331
Neuroendocrine tumors, pancreatic, 1025
Neurofibromatosis 1, surgical considerations for, 120
New Orleans, trauma care in before and after Hurricane Katrina, 284
New York-Presbyterian Hospital/Weill Cornell Medical Center, Department of Surgery, 643
Nissen fundoplication, laparoscopic, bowel obstruction after (letter), 1264
Nobel Prize winners, trained as surgeons, 15
Nodular fasciitis, differential and management stragies for, 610
Nonoperative management, of hemorrhoids, 635
Nonsmall cell lung cancer, age and outcome of, 598
Nutritional deficiencies, after bariatric surgery, 103
Nutritional support, through low-profile jejunostomy, 148

O

Obese patients
laparoscopic paraesophageal hernia repair with sleeve gastrectomy in, 620
salvage of inaccessible arteriovenous fistulas in, 705
Obstructive jaundice, Morgagni hernia in (letter), 1141
Odontogenic ameloblast associated protein, as breast cancer biomarker, 769
Omental reinforcement, for intraoperative leak repairs, 839
Open thoracic window, for retained infected pleural collections, 152
Operating room personnel, repetitive training of, 584
Oral examinations, mock, 817
Organ procurement organization, protocol driven change in, 537
Organ retrieval, incremental increases in, 537
Organ transplantation, intoxication and number of transplantable organs for, 416
Otolaryngology residency, pregnancy during, 411
Outcome predictors
number of gunshot wounds as, 44, 48
in severe traumatic brain injury, 25
systolic blood pressure as, 1009
Outcomes
acute adrenal insufficiency and, 287
of adenocarcinoma of ampulla of Vater, 754
after chest wall injury repair, 389
after unilateral versus complete thyroidectomy, 20
age and in nonsmall cell lung cancer, 598
of all-terrain vehicle injuries, 1004
with arterial allografts for prosthetic graft infections, 1000
in colorectal cancer, positive lymph nodes and, 873
with early surgical consultation for acute mesenteric ischemia, 212
hollow viscus injuries in, 378
of laparoscopic and open pancreatectomy, 671
of liver transplantation, disease-based comparison of, 901
of melanoma in souther versus northern climates, 687
of open abdominal aortic an_urysm repair, 665
of pancreatic neuroendocrine tumors, 1025
of pelvic fracture in elderly patient, 291
of perineal injuries in large trama center, 317
peritoneal adhesions and prior abdominal surgery effects on, 140
of renal transplantation, 882
Ovarian cancer, stage IV small bowel carcinoma mimicking (letter), 864
Overlapping sphincteroplasty, Fournier's gangrene after (letter), 268

P

p53/bcl-2 phenotype coexpression, in molecular breast cancer subtypes, 776
Pain, after chest wall injury repair, 389
Pancreas
adenocarcinoma of, microscopically negative margins during pancreaticoduodenectomy for, 804
fistulas of
increased incidence of after bioabsorbable staple line reinforcement, 954
refractory grade C
resolution of after pancreatectomy, 654
lymphoepithelial cysts of (letter), 520
Pancreatectomy
laparoscopic and open, 671
left-sided, pancreatic fistula resolution after, 654
Pancreatic neuroendocrine tumors, presentation, management, and outcomes of, 1025
Pancreatic resection, bioabsorbable staple line reinforcement in, 954
Pancreatic stent placement, in refractory grade C pancreatic fistula resolution, 654
Pancreaticoduodenectomy, microscopically negative margins during, 804
Pancreatitis, ERCP and histopathology correlation for, 649
Paraesophageal hernia, laparoscopic repair of with sleeve gastrectomy, 620
Parathyroidectomy, hypocalcemia after, 843
Parotid gland, mucoepidermoid carcinoma of (letter), 519
Patient management, of penetrating neck trauma, 1
Pediatric solid organ injuries, management differences for in rural state, 725
Pelvic anastomosis, water-soluble enema before diverting ileostomy takedown for, 941
Pelvic floor, rectal and gynecologic amputation for giant eccrine porocarcinoma of (letter), 269
Pelvic fracture
in elderly patient, 291

open-book, with perineal open wounds, 1227
ruling out in intoxicated patients, 257
Pelvic isolation, for recurrent complicated enterovescicocervical fistula (letter), 1146
Pelvic radiation, abdominal perineal resection after, 996
Pelvic surgery, preventing leg's compartment syndrome after (letter), 1213
Penetrating rectal trauma, injury location and utility of digital exam and rigid sigmoidoscopy for, 1069
Percutaneous aspiration, for cyst hydatid disease (letter), 439
Percutaneous drainage, of hepatic brucelloma (letter), 1143
Percutaneous endoscopic gastrostomy, pneumoperitoneum after, 39
Perforated bowel, in endoscopic retrograde cholangiopancreatography, 477
Perforated ulcer, mimicking spontaneous pneumothorax (letter), 354
Pericecal herniation, posttraumatic (letter), 179
Perineum
injury patterns and outcomes of, 317
open wounds of with pelvic fractures, 1227
Perirectal disease, in Crohn's disease, 715
Peritoneal adhesions, effects of on peritoneal dialysis outcome, 140
Peritoneal dialysis, adhesions and prior abdominal surgery effects on, 140
Peritonitis, effects of on peritoneal dialysis outcome, 140
Personal transporters, traumatic injury associated with, 722
Pharyngoesophageal injury, in penetrating neck trauma, 1
Phenotypes, in molecular breast cancer subtypes, 776
Phytobezoar, in small bowel obstruction (letter), 93
Piggyback technique, modified, for liver transplantation, 421
Platelet administration, mortality in elderly head-injured patients and, 1100
Pleural effusion, prolonged, modified Fontan procedure and, 175
Pneumomediastinum
incidence and clinical significance of in blunt trauma patients, 1081
in injured patient, 375
Pneumonectomy, trauma, extracorporeal membrane oxygenation for hypoxemia after (letter), 1259
Pneumonia
after bariatric surgery, 103
ventilator-associated, multidisciplinary rounds in ICUs and, 1171
Pneumoperitoneum
after percutaneous endoscopic gastrostomy, 39
progressive preoperative, for hernias with loss of domain, 504
Polycythemia vera, symptomatic splenomegaly in, 363
Polytetrafluoroethylene tube graft reconstruction, for renal artery aneurysm (letter), 186
Popliteal artery cystic adventitial disease, in lower extremity claudication (letter), 86
Porta hepatitis transection, liver transplantation for, 313
Portal hypertension, hemorrhoid in, 635
Portovenous structures, resection of, 804
Postoperative complications
of bariatric surgery, 103
hemorrhagic, need for reoperation after, 1242
of trauma laparotomy, 30
Postoperative management, fast track, after elective colorectal surgery, 1247
Post-traumatic period, pulmonary contusion evaluation in, 1054
Preformed silastic silos, for necrotizing enterocolitis, 172
Pregnancy
hemorrhoid in, 635
hypercortisolemia diagnosis and therapy for, 232
during otolaryngology residency, 411
successful early fascial closure during (letter), 183
Preoperative mechanical bowel preparation, postcolorectal resection surgical site infections without, 659
Presacral tumors, surgical approach to, 240
Progesterone receptor expression, in thyroid cancer, 785
Prognosis, unplanned postsurgical intubation and, 834
Prognostic factors, in adenocarcinoma of ampulla of Vater, 754
Prostate
adenocarcinoma of, metastasis to gallbladder from (letter), 431
carcinoma of with aggressive rectal invasion (letter), 434
Prosthetic graft infection, arterial allografts for, 1000
Proteus syndrome, case report of, 853
Pseudoaneurysm
giant posttraumatic, of peroneal artery (letter), 627
of inferior epigastric artery after hemicolectomy (letter), 1267
Psoas muscle cystic sarcoma, masquerading as appendicitis (letter), 860
Psoas myxoma, recurrent intramuscular (letter), 862
Pulmonary contusion, evaluation of in early post-traumatic period, 1054
Pulmonary function, postoperative, abdominal binders and, 169
Pulmonary hypertension, in iatrogenic hepatic arterioportal fistula (letter), 511
Pulmonary valve endocarditis, MRSA infection of (letter), 1265
Pulmonary vein, implantable venous access device placement in (letter), 89

Q

Quality assessment, of trauma care, 794

R

Race driving injury, track configuration and risk of (letter), 857
Radiation therapy
abdominal perineal resection after, 996
recurrent complicated enterovescicocervical fistula after (letter), 1146
survival after failure of in anal cancer, 163
Radiofrequency transection device, in liver resection, 991
Rectal amputation, for giant eccrine porocarcinoma of pelvic floor (letter), 269
Rectum
adenocarcinoma of, with metachronous metastases to urethra (letter), 265
trauma to, utility of digital exam and rigid sigmoidoscopy for, 1069
Regional medical center, outcomes of all-terrain vehicle injuries at, 1004
Renal artery aneurysm, ex vivo polytetrafluoroethylene tube graft reconstruction for (letter), 186
Renal failure, in surgical risk, 790
Renal hyperparathyroidism, hypocalcemia after parathyroidectomy for, 843
Renal transplantation, acute care surgery after, 882
Reoperation, postoperative hemorrhage and, 1242
Resident work hour restrictions
in chief resident operative experience, 1065
in operative continuity of care, 1234
Respiratory arrest, esophageal perforation with tracheal intubation for (letter), 92
Retained infected pleural collections (RPIC), open thoracic window for, 152
Retroperitoneal mesenteric duplication cysts, with malignant transformation (letter), 261
Retroperitoneal spaces, embryogenesis and anatomy of, 1091
Retroperitoneum, hepatoid adenocarcinoma of (letter), 523
Retrorectal tumors, surgical approach to, 240
Rhabdomyolysis, after bariatric surgery, 103
Right atrial rupture, surviving (letter), 522
Risk factors
for acute hemorrhagic rectal ulcer, 66
unplanned postsurgical intubation and, 834
Rollover motor vehicle crashes (ROMVC), trauma center evaluation for, 1109
Roux-en-Y gastric bypass
diabetes type 2 resolution after, 498
laparoscopic, leaks after, 485
omental reinforcement for intraoperative leak repair during, 839
perioperative management of cholelithiasis in candidates for, 470
Rubber band ligation, of hemorrhoids, 635
Rural community
pediatric solid organ injury management in, 725
surgical residency rotation in, 743

S

Salvage surgery
after radiation for anal cancer, 163
of inaccessible arteriovenous fistulas in obese patients, 705
for Jehovah's Witness patient with anemia, 1175
of right common iliac vein injury (letter), 1269
Sciatic hernia, unusual presentation of (letter), 1139
Sclerotherapy, of hemorrhoids, 635
Screening colonoscopy, colorectal cancer findings in, 699
Seat belt sign, clinical implications of, 822
Second hit phenomenon, in recurrent abdominal compartment syndrome, 1193
Segways, traumatic injury associated with, 722
Sentinel lymph node
biopsy of
breast reconstruction and, 551
in staging axilla in breast cancer, 253
evaluation of in Merkel cell carcinoma, 615
mapping of for gastric adenocarcinoma, 710
Separation of parts technique, for massive ventral hernias, 301
Sex hormones, in thyroid cancer, 785
Shave biopsy, predicting Breslow depth of cutaneous melanoma, 369, 374
Short-term outcome, after unilateral versus complete thyroidectomy, 20
Shotgun pellet embolus, from forearm entrance (letter), 181
Sigmoidoscopy, injury location and utility of, 1069
Skin cancer, outcomes of in northern versus southern climates, 687
Sleeve gastrectomy, laparoscopic paraesophageal hernia repair with, 620
Small bowel
adenocarcinoma of, intestinal occlusion from (letter), 189
intussusception of, routine CT scanning for and need of surgery for, 958
mesenteric cavernous hemangioma involving, 811
obstruction of

adhesive, selective laparoscopic management of, 227
in internal transomental herniation (letter), 187
by primary phytobezoar (letter), 93
stage IV carcinoma of, mimicking advanced ovarian cancer (letter), 864
volvulus of in adults, 1179
Soft tissue flap coverage, managing vascular graft infections with, 877
Soft tissue sarcomas, and neurofibromatosis 1, 120
Solid organ injuries, management of in children in rural states, 725
Specialized surgical training, increased lymph node yield and, 887
Sphincterotomy, lateral internal, for chronic anal fissure, 925
Spider bite, negative pressure wound therapy for, 1128
Spinal anatomy, in spine trauma surgery, 191
Spinal cord injury, without local signs or symptoms (letter), 1152
Spleen injuries/trauma
CT grading systems in predicting intervention need for, 133
management of in children in rural states, 725
Splenectomy, indications and perioperative considerations of, 363
Splenic rupture, postcolonoscopic (letter), 260
Splenomegaly, in polycythemia vera, 363
Squamous cell carcinoma, breast, 914
Staphylococcus aureus, methicillin-resistant
of pulmonary valve endocarditis (letter), 1265
in surgical ICU, 1077
in trauma population, 458
Stapled hemorrhoidopexy, for hemorrhoids, 635
Stenting
endoscopic colorectal, long-term outcome of, 897
heparin-coated, cardiac complications and, 61
thoracic aortic, collapse of after CPR (letter), 626
Sternum
fractures of, epidemiology of, 401
poorly differentiated thyroid cancer metastasis to (letter), 1262
Stomach, metastasis to lymph nodes from, 710
Stromal tumors, gastrointestinal, prevalence and management of, 55
Subhepatic abscess, with retained appendicolith (letter), 515
Sun exposure, in northern versus southern climates, 687
Surgeons
Nobel Prize winning, 15
positioning in laparoscopic cholecystectomy (letter), 353
Surgery
for acute cholangitis with left lobe liver lesion (letter), 344
after bleomycin therapy (letter), 514
for all small bowel intussusception patients, 958
approaches to retrorectal-presacral tumors in, 240
consideration in lumbar hernias, 1238
disparities in women with stage I breast cancer, 869
elective, in end stage renal disease patients, 790
endoscopic retrograde cholangiopancreatography in, 1050
for extra-adrenal abdominal paragangliomas (letter), 1153
for familial hyperparathyroidism, 579
general, rewards, threats, and challenges of, 443
glucose control and, 1031
for hemorrhoids, 635
heparin-coated stents and cardiac complications after, 61
for hepatocellular carcinoma with right atrial involvement, 1104
infliximab and rates of for inflammatory bowel disease, 976
laparoscopic colon, after previous abdominal surgery, 1015
long-term outcomes of for Zollinger-Ellison syndrome with MEN-1, 730
for lumbar hernia, 202
with neoadjuvant therapy for esophageal malignancy, 489
for neurofibromatosis 1, 120
for penetrating neck trauma, 1
perioperative clopidogrel administration before, 909
predictors of need for in hypotensive trauma patients, 986
predictors of urinary retention after, 922
prophylactic, for inheritable malignant diseases, 463
for right colon cancer invading duodenum, 385
safety guidelines for systemic mastocytosis, 74
single site, 681
for subhepatic abscess from retained appendicolith (letter), 515
support for graduate medical education in, 395
tolerance and toxicities of accelerated partial breast irradiation in, 1042
unplanned intubation after, 834
Surgical anatomy
for lumbar hernia, 202
of retroperitoneal spaces, 1091
Surgical consultation, for acute mesenteric ischemia, 212
Surgical continuity of care, ACGME duty hour restrictions effect on, 1234
Surgical disease, in response to health-related quality-of-life instrument, 1084
Surgical residency/training
at East Tennessee State University, 11
for endoscopic examinations (letter), 94
general, mock oral examinations in, 817
at Gundersen Lutheran Medical Foundation, 739
resident work hour restrictions and, 1065
rural surgery rotation during, 743
specialized, increased lymph node yield and, 887
Surgical site infections, postcolorectal resection, 659
Survival
of adenocarcinoma of ampulla of Vater, 754
after radiation failure for anal cancer, 163
after right atrial rupture (letter), 522
cardiopulmonary resuscitation advances improving, 359
Swiss cheese omentum, unusual case of (letter), 187
Systemic mastocytosis, safe surgery guidelines for, 74
Systolic blood pressure evaluation, prehospital and in emergency departments, 1009

T

Tc-99m sestamibi scan, false-positive and false-negative (letter), 510
Teamwork attitudes, of OR personnel with repetitive training, 584
Temporary intravascular shunts, appropriate use of, 605
Teratoma, adrenal, in neonate (letter), 347
Thoracic anatomy, in spine trauma surgery, 191
Thoracic aorta, blunt injury of, advances in managing, 273
Thoracic aortic stent graft, collapse of after CPR (letter), 626
Thoracic nerve repair, after complete transection during axillary lymph node dissection (letter), 266
Thoracic outlet syndrome, arterial complications of, 235
Thoracolumbar fractures, screening for, 191
Thoracolumbar spine trauma, diagnostic and therapeutic considerations in, 191
Thoracotomy wound, infected, empyema after closure of (letter), 349
Thrombocytosis, in trauma patients, 1020
Thrombosis
postsurgical, heparin-coated stents and, 61
with thoracic outlet syndrome, 235
Thyroid gland
cancer of
estrogenreceptor, progesterone receptor, and VEGF-A expression in, 785
poorly differentiated metastasis of to sternum (letter), 1262
mucoepidermoid carcinoma of (letter), 519
Thyroidectomy
hemostasis methods in, 1073
unilateral versus complete, 20
Tracheal intubation, esophageal perforation in (letter), 92
Transbronchial bronchoscopic lung biopsy, for diffuse pulmonary infiltrates, 157
Transection device, four-prong radiofrequency, in liver resection, 991
Transfusion
in level I trauma centers, 693
in posttraumatic infection, 307
Transomental herniation, internal, small bowel obstruction in (letter), 187
Trauma
hypovolemic shock in, 1207
international research fellowship in, 324
premonition of death in, 1220
pulmonary contusion evaluation after, 1054
Trauma care
Mississippi system of (letter), 1144
in New Orleans before and after Hurricane Katrina, 284
quality assessment of, wasted hospital days and, 794
Trauma center
blood utilization at, 693
leaping fish injuries at, 220
patterns and outcomes of perineal injuries in, 317
in rollover mechanisms injury evaluation, 1109
Trauma intensive care units
central venous line protocol reducing infections and length of stay in, 1166
multidisciplinary rounds and ventilator-associated pneumonia in, 1171
Trauma laparotomy
enterocutaneous fistula complicating, 30
evaluating need for histological examination after, 1124
Trauma nephrectomy, morbidity of, 1112
Trauma pneumonectomy, extracorporeal membrane oxygenation for hypoexemia after (letter), 1257
Traumatic injury
acute adrenal insufficiency and outcome in, 287
blunt, seat belt sign in, 822
of brain, persistent hyperglycemia in, 25
classification of for thoracolumbar spine, 191

CT grading systems in predicting intervention need for, 133
elevated blood alcohol as protective in, 950
extreme thrombocytosis with, 1020
fever and leukocytosis in, 405
hepatic, liver transplantation for, 313
methicillin-resistant *Staphylococcus aureus* in, 458
nonoperative management of, 558
open thoracic window in, 152
penetrating, of neck, 1
pneumomediastinum incidence and clinical significance in, 1081
predictors for need of surgery for, 986
ruling out pelvic fractures from in intoxicated patients, 257
with segways and personal transporters, 722
systolic blood pressure as in-hospital mortality predictor in, 1009
transfusion and severity in infection after, 307
utility of thoracic CT after, 966
Trisegmentectomy, synchronous with gastrectomy, for hepatic metastasis in advanced gastric cancer (letter), 529
Tubular carcinoid tumor, in appendicitis (letter), 518
Tumor
classification of retrorectal, 240
prognosis and stage of in gastric cancer, 1256

U

Ultrasonography, in preoperative breast cancer assessment, 970
Unified informed consent, for elective inguinal hernia repair, 296
University of Cincinnati College of Medicine, Department of Surgery of, 113
University of Kansas School of Medicine, Wichita General Surgery Residency Program of, 197
Upper extremity ischemia, arterial revascularization for, 848
Urinary retention, postoperative, predictors of, 922
Urinary tract infections, in elderly patients with pelvic fracture, 291

V

Vacuum-assisted closure
empyema after (letter), 349
for loxoscelism, 1128
Vacuum-pack temporary abdominal wound management, 565
Valve endocarditis, after debulking splenectomy (letter), 1253
Vascular endothelial growth factor-A expression, in thyroid cancer, 785
Vascular graft infections, with soft tissue flap coverage, 877
Vascular injury, in penetrating neck trauma, 1
Vascular tumors, rare presentation of, 811
Vasopressin, in hemorrhagic shock, 1207
Vena cava filters, retrievable inferior, 426
Vena cavocavostomy, infrahepatic, for liver transplantation, 421
Ventilation, assisted
pneumonia associated with, multidisciplinary rounds in ICUs and, 1171
pulmonary contusion and, 1054
Ventral hernia, repair of, 301
Ventriculo-gallbladder shunt, for refractory hydrocephalus, 734
Vessel ligation, hand-tying technique for, 1098
Veterans Affairs experience, with soft tissue flap coverage, 877
Volvulus, of small bowel in adults, 1179

W

Wasted hospital days, impairing LOS values, 794
Weapon characteristic, in penetrating neck trauma, 1
Wichita General Surgery Residency Program, 197

Z

Zollinger-Ellison syndrome, long-term surgical outcomes for in patients with MEN-1, 730
